For the purposes hereof, the prorated value of the sick leave shall be determined by (i) dividing the number 52 into the number of full weeks in such years as of the date of such termination of employment, leave or change in status, then (ii) Multiplying such fraction by the total number of sick days credited at the beginning of such year, and then (iii) subtracting the sick days used in such year.

24/7 Nurse Line

24/7 Nurse Line is a health information service that includes a toll free 24 hour health information line staffed by registered nurses. 24/7 Nurse Line nurses do not diagnose or recommend any treatment. Instead, they provide the member with the necessary health information needed to make informed medical decisions. This helps members determine if their health ailment requires a doctor's visit.

You can save money when you choose to receive care from providers that participate in the Horizon BCBSNJ networks. When you use participating hospitals or other medical facilities or doctors, you generally only pay your copayment and any applicable in-network coinsurance or deductible. Generally, if you have services performed at an out of network facility or by an out of network provider, your out of network benefits will apply. This means that you will be responsible for amounts exceeding Horizon BCBSNJ's allowable reimbursement for that particular service and this may result in significant out of pocket costs. You will be responsible to pay for this amount directly to the non-participating hospital, ambulatory surgery center or provider. By using our Horizon-BCBSNJ network providers, you keep your health care costs down.

Please note that the benefit highlights are provided for informational purposes. Horizon BCBSNJ makes every effort to provide clear and accurate information pertaining to these benefit highlights. However, because Horizon BCBSNJ generally expects continued guidance from regulators on issues pertaining to Federal health care reform, the information that has been provided is subject to change. Horizon BCBSNJ will provide notice of such changes to members pursuant to State and Federal requirements.

This summary highlights the major features of your health benefit program. It is not a contract and some limitations and exclusions may apply. Payment of benefits is subject solely to the terms of the contract. Please refer to your benefit booklet for more information.

Prescriptions may be refilled within one year of the original prescription date, when authorized by the physician and permitted by law. Any limitations that apply to an original prescription also apply to the refills.

The Horizon Prescription Formulary is a list of prescription medications developed by an independent Pharmacy and Therapeutics (P&T) Committee comprised of practicing physicians and pharmacists in New Jersey. The Horizon P&T Committee determines which drugs will be placed into preferred and non-preferred status within our open formulary. The priority consideration is clinical efficacy and safety, followed by other considerations such as second line therapies, and availability of commonly used and safe generics. At least two drugs from each therapeutic class are placed in the preferred status on the formulary.
